

UTILITY/MULTI-USE

Specialty buildings come in all sizes and configurations to serve a variety of purposes. That's why there are so many choices and decisions to make when having one designed and built just for your needs. Fox Structures understands the complexity of those decisions and stands ready to help you through each step of the process. That's why we start with you — so your building meets your needs.

With your help and our experience, we'll create the ideal design and layout to meet your exact needs. Look to Fox for site design, complete design/build services, and for general contractor support including the coordination of all sub contractors. We'll maintain our solid standards for quality work, but we'll be flexible in working with you to get the job done quickly and efficiently. Our owners will be right there — on site — to ensure your satisfaction.

Fox is the ideal contractor to build your storage facility:

- Provides complete design/build services
- Offers complete project management
- Self-performs all areas of concrete work and building erection
- Proficient in erecting wood or steel framed structures
- Experienced in all siding and roofing material options
- Guarantees highest quality work at highly competitive pricing

Fox specializes in the design and construction of all agricultural buildings:

- Maintenance buildings
- Commodity buildings
- Youngstock facilities
- Milking barns
- Freestall barns
- Special cattle housing
